T-30 before MiFID II: are you ready?

4 December 2017

With less than 30 days to go before the new MiFID II regime will be rolled out, funds and management companies/AIFM are increasingly concerned as to how they will be impacted:

- **product governance**
- **inducements and payment for research**
- **increased client information requirements**
- **complex and non-complex products classification**

**How will you be impacted by the new regime?
We can help you to get ready!**

At Arendt, we have built up significant expertise in assisting clients in the conduct of impact assessments, the implementation of processes and the drafting of documents in the context of MiFID II.

We would be pleased to assist you.

Should you have any questions or need any help regarding this subject, get in touch with your usual Arendt contact or the MiFID II Investment Management expert team (MIFID_IM@arendt.com).
