Arendt & Medernach is pleased to invite you to this webinar which will be held on Friday 15 May at 3:30 pm CET.

In the current environment, we are assisting many of our clients looking at efficiently making investments in distressed assets. This may be among others through setting-up side platforms, incorporating an SPV underneath their existing fund(s), using a securitisation vehicle instead, etc.
Various options are being considered and this webinar is aimed at reminding you of the key tax and legal considerations you need to have in mind when deciding on the best investment structure to opt-for.

This webinar will be illustrated by 2 case studies.
