We are pleased to invite you to the next **Arendt Case Law Forum**. This seminar will take place in the auditorium of Arendt House on **Wednesday 24 April 2024** at **12:00** on the following subject: **Unveiling the CJEU's latest insights on data protection law.**

As the data protection landscape continues to evolve and impact every aspect of the business world, it is crucial to keep abreast of the latest rulings from the Court of Justice of the European Union (the "CJEU") for their guidance on how the GDPR and EU data protection laws should be interpreted and applied.

The CJEU has recently ruled on a wide range of important topics, including data subjects' access requests (DSAR), the right to compensation, the storage of information taken from public registers and automated individual decisions.
