The 'greening' of the financial sector is well underway. Recent and forthcoming regulations are increasing the already strong pressure faced by all financial market participants. Banks and insurance companies are challenged with both understanding and implementing new and complex legal obligations, ranging from transparency duties to risk management, conduct of business and product design requirements.

In this constantly evolving environment, Arendt is pleased to invite you on Monday, 27 June 2022 at 12:30 pm, to share the latest ESG developments in the banking and insurance sectors.

Join our banking and insurance experts [Emmanuelle Mousel](#) (Partner), [Laura Archange](#) (Counsel) and [Clara Bourgi](#) (Senior Associate), together with [Antoine Peter](#) (Manager), to discuss emerging trends in sustainable banking and insurance and to respond to fast-approaching deadlines under the new ESG framework.

In the upcoming months, ESG policies and obligations will undoubtedly continue to rank high on the list of bank and insurance

managers' concerns. Don't miss this opportunity to stay ahead of the game.

Feel free to forward this invitation to any colleagues or clients who may be interested in attending.

Should you have any questions, please contact [events@arendt.com](mailto:events@arendt.com)

We look forward to seeing you there (virtually).

Kind regards,

The Partners of Arendt
