Dear all,

Arendt is pleased to invite you to a 45 minute webinar session which will be held on Monday 14 September 2020 on "**Liquidity risk of funds in the spotlight**".

The session will be presented by Mohamed Ed-Diaz, Manager and David Raths, Senior Advisor of our risk management services team within Arendt Regulatory & Consulting.

They will address the different liquidity issues faced by investment funds managers ("**IFM**"), covering a broad spectrum of fund types and asset classes, in order to provide regulatory insight into the most prominent type of risk in times of crisis for funds.

Our experts will also go through the upcoming regulatory changes with regards to liquidity risk monitoring and provide guidance on how to assess the adequacy and compliance of IFM's liquidity management framework.

Please feel free to forward this invitation to any colleagues or clients who may be interested in attending.

Should you have any questions, please contact us at [events@arendt.com](mailto:events@arendt.com)

Kind regards,

Arendt Regulatory & Consulting
