Mick Feyereisen

Introduction

Mick Feyereisen is a Manager in the ESG services practice of Arendt Regulatory & Consulting.

Mick joined Arendt Regulatory & Consulting in 2021 and is a member of the team dedicated to sustainability-related matters. Using his regulatory expertise in ESG and sustainable finance, Mick assists clients in the financial services sector, among others, with the set-up and implementation of their ESG strategies, the preparation of sustainability-related reports and the integration of sustainability risks into internal processes. Mick is also an experienced training facilitator, having delivered numerous training sessions and workshops on a wide range of topics relating to sustainability.

Education

- MSc in Finance from the University of Groningen (The Netherlands)
 - 1st Focus Area: Sustainable Society
 - 2nd Focus Area: Energy
- Minor in Finance from Radboud University (The Netherlands)
- BSc in International Business Administration from Radboud University (The Netherlands), including an exchange semester at Concordia University (Canada)

Previous experience

Before joining Arendt, Mick acquired expertise in the regulatory domain as an intern at a consulting firm in Luxembourg.

Memberships

- Member of the Association of the Luxembourg Fund Industry (ALFI) European ESG Template (EET) Working Group (H5.1)
