Jérôme Bellini

Introduction

Jérôme is Director of Quality Control at Arendt Investor Services.

He is in charge of the review of all financial statements and reports (VAT, BCL, CbCr..) prepared by the operational teams. He also provide guidance and assistance to the teams on transactional matters and accounting technical issues.

He joined Arendt Investor Services in 2013 as Senior Manager in the corporate services department where he is specialized in accounting for private equity, real estate and securitisation structures. He also has strong knowledge in corporate, tax compliance and corporate governance.

Jérôme has a considerable experience working with institutional and corporate clients and their Luxembourg structures since 2005, particularly in the fields of private equity, real estate and securitisation, and serves since several years as a director of numerous Luxembourg investment entities.

Education

High school diploma in science and 2 years technical degree in accounting and management of company in France.

Previous experience

Jérôme started his professional career as an accountant in 2002 in France and joined a Luxembourg chartered public accounting firm in 2005. In 2010, he then worked for a professional of the Luxembourg financial sector as manager being responsible of the accounting, corporate and tax compliance matters of a portfolio of Luxembourg entities (private equity, real estate and securitisation). Prior joining Arendt Investor Services Jérôme worked for a professional of the Luxembourg financial sector as manager (responsible of the accounting, corporate secretary and tax compliance matters for private equity, real estate and securitisations entities)
