

Jan Barré

Introduction

Jan Barré is Business Development Director at Arendt Investor Services.

He has over 15 years of successful experience in B2B sales, product and operations in the financial services and fund industry, having held various senior business development positions at leading investor services and fund distribution firms in Luxembourg. He is used to working with senior executives, helping companies with their outsourcing strategies.

His core role is to ensure that fund managers, corporates, families and investors benefit from the full breadth of services offered by Arendt Investor Services.

Education

- Jan has a Master's in International Business and Trade from ESM – IAE Metz (France).
- He has also completed numerous training programs related to financial products and the fund industry during his career.

Previous Experience

- Prior to joining Arendt Investor Services, Jan worked closely with major financial institutions and international asset managers in the following positions:
- Director – Business Development, tier one investor services provider
- Senior Business Development Manager, pan European fund distribution platform
- Vice President Business Development, Investment Fund Services, ICSD
- He started his career in fund operations, in the institutional and fund services department of a Swiss private bank.
